Instructions:

1. Students work in pairs.
2. Classify the words into categories.
3. Check answers as a class.

Answer Key:

Animals: predators

People/Organizations: rescue groups

Nature: wildlife, survival

Grammar:

2nd conditional

- imaginary/unreal/hypothetical condition
- imaginary/unreal/hypothetical result

CONDITION

IF +
past simple

If I won the
lottery,

RESULT

would +
infinitive

I **would** buy a
mansion.

might / could

SIMPLE PAST

We use the simple past after IF to talk about an imaginary or unreal condition.

Examples:

- If I **had** more time, ...
- If she **won** the lottery, ...
- If they **lived** near the beach, ...

THE MODAL VERB WOULD

We use WOULD + base verb (infinitive) to express the result of the condition.

Examples:

- I **would travel** around the world.
- She **would buy** a new car.
- They **would be** happy.

Auxiliary did for negatives sentences:

Simple past	(did)	Would + verb
Si ellos no entrenaran,		no ganarian el campeonato
If they didn't train		they wouldn't win the championship

Middle Activities: Controlled/ Free practice

Listening: The students listen to the following text, and they identify the words in bold.

He believes wild animals are important for nature and **people**. Wild animals help keep **ecosystems** in balance. **Bees** and **birds** help many plants to grow properly. Without predators, some animals would **eat too much** of the forest. Wild animals help people because they are connected to **health**. **Fruit bats** help rainforest trees by spreading their seeds. These trees are useful to make **medicines**. If we lost bats, we would lose useful plants. We should save **wildlife**; for example, in areas like the Bosawás Biosphere Reserve, In Nicaragua, **wild animals** live safely. Saving and protecting wild animals means saving the planet.

Activity: Students mark with a check of the words they can hear throughout the text read by the teacher.

Object	Yes	No
Bees		
Birds		
Ecosystems		
Fruit Bats		
Wildlife		

Reading and Writing: The students read the following text and try to write the answers to the comprehension questions;

Wild animals are important for nature. Bees and birds help many plants grow. Fruit bats spread seeds in forests. Predators keep ecosystems balanced. Rescue groups help protect injured animals. If people protected wildlife more, many animals would survive.

Questions:

1. What animals help plants grow?
2. What do fruit bats do?
3. Who helps injured animals?
4. What keeps ecosystems balanced?
5. What would happen if people protected wildlife more?

Speaking (15 minutes): Students read aloud their homework assigned in the previous lesson, the order was;

Wild Animal Poster:

1. Choose a wild animal.
2. Add a picture or drawing.
3. Write its habitat.
4. Write one interesting fact.
5. Write one Second Conditional sentence.

Example:

Animal: Jaguar **Habitat:** Forest. **Fact:** It is a predator.

Sentence: If I saw a jaguar, I would take a picture from a safe place

Ending Activities
